

THE ANGLICAN CARE NETWORK OF AOTEAROA NEW ZEALAND

Tindall Funding Application Form 2011

The Tindall Foundation want to support groups to start new initiatives that will make a difference in their community. The Tindall philosophy is to give a hand up – not a hand out.

Preference is for programmes that assist groups and communities to meet their own needs by better using their resources in sustainable ways. Particular emphasis is placed on innovation, partnerships, links to other organizations and the community, and to respond to those most in need.

We want this application process to be as clear and painless as possible. Before you start complete the – ‘eligibility check’ in the final page. This will help you save time and effort. If you are in doubt contact your regional Anglican Care Network Representative who will be happy to steer you through the application process.
